- Moving forward

When each Officer receives their annual medical email, there will be verbiage attached to the email regarding the two (2) FORMS that are required to be signed: **DD FORM 2005** and **DD FORM 2870**. This will better explain the forms, why you must sign them, who has permission to view them, and why the forms cannot be removed. **Please see below:**

### 1) DD Form 2005 "Privacy Act Statement - Health Care Records"

- This form is required by law to create and maintain a medical record

- RMFD, CEHS and DHA (DoD Healthcare Facilities/Di-Lorenzo (Di-Lo)) needs your permission to obtain personal health information in order to conduct the annual medical examination.

Although the form mentions other purposes, RMFD, CEHS and DiLo are ONLY using the information within your medical record to determine your fitness for duty

- RMFD, CEHS and DiLo are NOT sharing any information with any outside entity, to include the VA, without your consent which actually requires your signed approval on a separate and additional DD Form 2870 (it is a violation without your consent)

### 2) DD Form 2870 "Authorization for Disclosure of Medical or Dental Information"

- This form is required in order to give RMFD and CEHS permission to review records from DiLo

- The medical information is shared ONLY between RMFD, CEHS and DiLo and it may include prior lab results, previous audiology notes, diagnostic test results, etc.
